Training

Election workers are **required** by law to complete training prior to each election.

The training period for the August 23, 2022 Primary Election is July 19th, 21st & 22nd . For more information, call 850.638.6230.

Election workers are paid a total of \$150 to \$200 per election (based on position). An election worker must attend training **and** work at the poll to receive compensation.

Positions

All election workers must complete the required training and work at their assigned polling places on election day from 6:00 a.m. until the last voter has voted, closing procedures have been completed, and they are dismissed by the clerk. Some election workers will also help set up their assigned polling places the day before the election.

The **clerk** oversees the polling place and staff. He/she is responsible for ensuring election law is followed at the precinct on election day. The clerk opens and closes the polls and is responsible for delivering election supplies to the precinct and returning them to the elections office at the end of

election day. The clerk and assistant clerk communicate with the elections office to resolve voter issues.

The **assistant clerk** assists the clerk, assumes responsibility for the polling place if the clerk is unavailable, helps to oversee the polling room operation, performs voting system opening and closing procedures with the clerk, and may also act as an inspector to assist voters.

The **inspector** sets up the electronic poll books and registration table, processes voters, issues ballots, instructs the voter on how to cast the ballot and ensures that the ballot is accepted by the ballot scanner/tabulator.

The **deputy** maintains order outside the polling place and, with the clerk, designates and ensures compliance with the no solicitation zone, ensures that the polling room is accessible to all voters and issues "I Voted" stickers.
